## REFERENCE

### HOW TO MEASURE FOR A WIG

Wrap a cloth measuring tape around the circumference of your doll's head, just behind the ears and across the forehead. (See illustration). Measurement must be in inches.

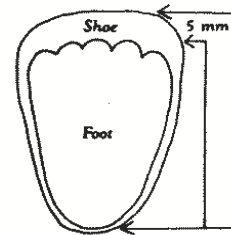

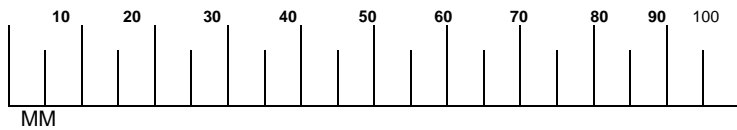

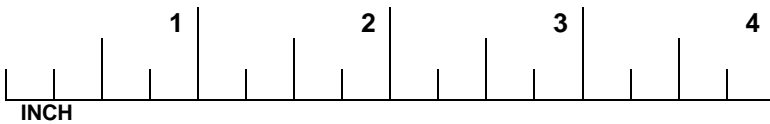

### HOW TO MEASURE FOR EYES

To measure the diameter of your doll's eyes, the eye socket should be measured in millimeters from corner to corner as illustrated.

### HOW TO MEASURE FOR SHOES

Measure your doll's foot from heel to toe. Add 5mm to the length of the bare foot to determine the correct size of the shoe.
